Afterword

Thank you for picking up "Bokukoi Conductor" volume II!

Making this manga wouldn't have been possible without the heaps of help I got from everyone.

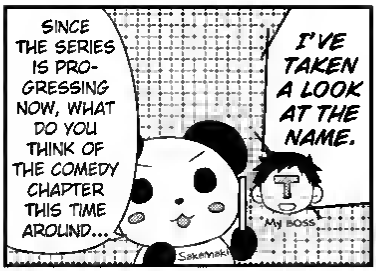
Thank you! Thank you very much (cry)

Since there is not much text in a 4koma, illustrating some romance-related things is quite difficult. On the other hand, there are also certain things I can express specifically because this is a 4koma... That being said, I'm having lots of fun drawing this manga and learning how to become better every day.

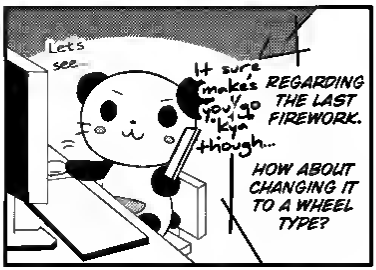
This volume is mainly about the four friends' adventures during their summer vacation. I would be glad if those readers who wanted me to include the chapter when "Kouta finally..?" in volume one, would follow the magazine release as well

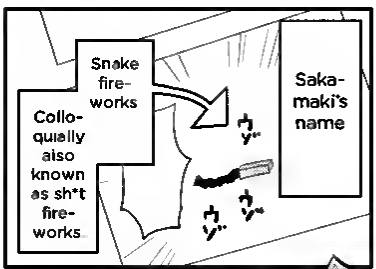
I know that this manga isn't perfect by far, but I am devoted to it with all my heart! So I would be really happy if you would continue watching over me..!

Sakamaki Akimu



SINCE THE SERIES IS PROGRESSING NOW, WHAT DO YOU THINK OF THE COMEDY CHAPTER THIS TIME AROUND...
I'VE TAKEN A LOOK AT THE NAME.
"My boss"
Sakamaki





I was so embarrassed I could die! Also I'm truly grateful that my boss is such a romantic!

Special Thanks go to my boss T-sama and everyone from the editorial department for supporting me, Assistant Director Murai-sama from SEAS for doing a wonderful job on finishing up the design, as well as everyone out there for reading...

Thank you very much!!
